

Connecting Disconnected Data™

FAX ELIMINATION WITH VYNE MEDICAL

Eliminate paper and hardware, replace simple images, create useful data.

GO PAPERLESS

Go paperless using electronic fax, inbound and outbound.

ELIMINATE THE HARDWARE

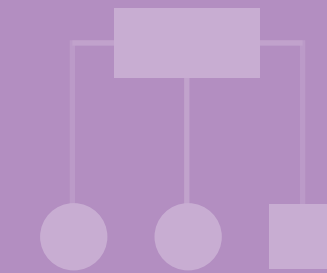

Move all your faxing to the cloud.

COMPONENTS OF FAX ELIMINATION

INTEGRATE

AUTOMATE THE EXCHANGE

Create integrations with practice management systems/CPOE to automate the information exchange.

INTEGRATE SEAMLESSLY

Build a robust platform by adding additional integration partners.

BUILD MULTIPLE CONNECTIONS

Identify top senders and receivers and connect via direct message, secure email.

“Healthcare desperately **needs to replace outdated communication methods** with tools that **ensure the secure and efficient exchange of patient information**. At Vyne, we are focusing our technology and expertise around digital solutions that give health systems the ability to **eliminate fax without disrupting the individual workflow** of referring physician practices.”

– LINDY BENTON, CEO AND PRESIDENT, VYNE
