

Connecting Disconnected Data™

POSITION OPENING

Job Title: Junior Software Engineer

Reports: SVP of Strategy & Platform

GENERAL SUMMARY

The Junior Software Engineer will work closely with product management and Senior Leadership to deliver on a cloud-based platform roadmap. This person must understand the needs of a technology company that is developing a new cloud-based SaaS platform and has expertise in a variety of software-related areas, including the ability to work within the Agile framework to include Scrum and feature-driven development.

DUTIES & RESPONSIBILITIES:

- Helps implement decisions on the correct usage of cloud resources including troubleshooting performance issues.
- Maintain knowledge of the AWS ecosystem
- Ensure the platform is built, deployed, configured, managed, and monitored correctly to support the business.
- Create integrations between the cloud platform and other 3rd party services and tools.
- Partner with Information Security representatives to develop, implement and/or execute security configurations and controls.
- Provide direction, training, and coaching to team members
- Provide Tier 3 Support for core platform services and configuration defect resolution
- Contribute to platform, product, and architectural roadmaps.
- Ability to play a key role in solution design discussions including developing work effort estimates.

EDUCATION, KNOWLEDGE AND SKILLS:

- Bachelor's degree or equivalent work experience
- Minimum 2-3 years of Cloud Engineering experience (AWS Preferred)
- Knowledge of C#
- Knowledge of .NET Framework
- Knowledge of Atlassian tools including Jira and Confluence.
- Knowledge and experience with HIPAA, HITRUST, HL7, FHIR and other medical standards strongly desired and encouraged.

ESSENTIAL JOB QUALIFICATIONS:

To perform this job successfully, an individual must be able to perform each essential job duty satisfactorily. The requirements listed above are representative of the knowledge, skill, and or ability required, and the physical essential functions include extended periods of walking, sitting, facing a computer screen, and lifting up to 50 pounds. Reasonable accommodations may be made to enable individuals with disabilities to perform these essential functions.

Connecting Disconnected Data™

PHYSICAL DEMAND:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee is regularly required to sit; use hands to finger, handle, or feel; reach with hands and arms and talk or hear. The employee is occasionally required to stand and walk. The employee must occasionally lift and/or move up to 10 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. The noise level in the work environment is usually moderate.

SECURITY ROLES / RESPONSIBILITY:

- **Protected Health Information (“PHI”) Internal**, by exception - This position may have access to and be responsible for the security of PHI/PI on an incidental basis.
- **Protected Health Information (“PHI”)** by customer request - This position may have access to and be responsible for the security of PHI/PI on a daily basis.
- **Human Resource Information** - This position may have access to and be responsible for the security of information including salary, insurance, reviews, resumes.
- **Support Admin** - This position may have access to and be responsible for supporting customer technical needs, which may include securing customer's sensitive technical information.
- **System Admin** - This position may have access to and be responsible for the security of root access to Vyne's infrastructure.
- **Application Admin** - This position may have access to and be responsible for securely administering user access to corporate applications.

Vyne provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex (including pregnancy, gender identity, and sexual orientation), national origin, age, disability, genetics, or veteran status. In addition to federal law requirements, Vyne follows applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities.
